

Domino Ax-Series: Coding Without Compromise

Rewriting the Rules of Ink Jet

Rewriting Print Quality

- Perfect drops every time
- Higher resolution text and 2D Codes
- Inks for the toughest substrates

Rewriting Performance

- 29% Faster
- Ideal for High Speed serialisation
- Designed for the factory of the future

Rewriting Value

- Service free operation
- Optimised fluid management systems, reducing waste
- Minimum operator intervention

Designed by Customers, Engineered by Domino

The way we think about it, if you want to improve your products, listen to your customers. So we did. We learned from your coding experiences and studied the regulatory, environmental and supply chain pressures you face.

And then we deconstructed Continuous Ink Jet as we've known it for the past four decades – before rebuilding it as a better, faster, more responsive and cost effective technology.

Experience the Domino Ax-Series and rethink Continuous Ink Jet.
